Dear Shawnee Heights Community:

We apologize for bothering you on a Saturday, however, we know that you have many questions that we will do our best to answer as soon as we can. As you know, the Shawnee County Health Department suspended all classroom and extracurricular activities for two weeks. **At this time we are planning to resume classes on March 30, 2020.** The activities and programs closed until then are:

- All before and after school activities
- All extracurricular activities
- All sporting events
- Boys & Girls Club Programs
- Prime Time Programs
- Any other events/programs that would take place inside the buildings unless specifically stated otherwise

If you have traveled outside of the United States or traveled on a cruise ship in the last 14 days we have been advised by state officials that you should report this to your school building and self-quarantine for 14 days.

**Grab and Go sack lunches** will be available for all students in designated pick up locations starting Tuesday, March 17, 2020. Details will be communicated Monday, March 16, 2020.

Our leadership team has been planning for our current situation as well as potential future outcomes that may occur. Please know this situation changes rapidly and we will do our best to give you updated information as soon as we have it.

We will continue to communicate with you on a regular basis through email and voice calls to give you the most up-to-date information from the local and state health departments. Emails will be labeled **COVID-19 Update** with the date the message was sent. **Email and voice messages will be the primary method of communication, however we are also posting all communications regarding COVID-19 on the district website under the community tab labeled Coronavirus Monitoring.** If you receive a phone call from our district number 785-379-5800, please check your voice messages and/or email for the message that was sent.

Sincerely,

Tiffanie Kinsch
Communications Director
Shawnee Heights USD 450
